We're SO excited to finally be able to release our fall programming; all located at our awesomely artsy new studio! Many of our popular classes are making a comeback but we also have a whole lot of new programs for you to check out too! Use this guide to learn about each program including pricing, dates, ages and descriptions. You can also check out our calendar for an easy view of what's available each day.

Due to Covid-19, things look a little different than our usual programming, but don't worry-- our classes are still jam packed with creative fun! We have 10 physically distanced work stations, excellent cleaning protocols in place, and a mandatory mask policy in effect. We do have a quick temperature check before joining the classroom area and ask that you stay home if any of the following apply to you:

- You are feeling unwell, or have had Covid-19 symptoms or have been in contact with someone who has Covid-19 symptoms or has tested positive for Covid-19 in the last 14 days; you have travelled outside of the province within the last 14 days

We are all in this together and by following these guidelines, we can make sure we keep each other safe! <3

Drama Kidz presents... 2020 QUARANSCENES!

In place of our ever-popular theatre program, this year we will be providing something new until we can safely meet on stage again! Introducing... 2020 QUARANSCENES! Drama Kidz will be going VIRTUAL - with all lessons, rehearsals, writing sessions and performances happening online. Cast members will work as a team and one-on-one with playwright, Nikki Campbell, to write and create their own scene, and their performances will be recorded from the comfort and safety of their own home! Performances will then be edited together into one final docu-drama style video.

The inspiration is THIS, right now. We have all collectively experienced a complete shift in life as we know it and we want to help the youth in our community tell that story and share their experiences in their own words. All while learning valuable lessons in playwriting, acting for TV and film, collaboration and self motivation. The program will follow our typical 12 week Wednesday sessions, but will be flexible with timing in order to accommodate individualized Zoom meetings and writing sessions. There will be a musical component option for those who are interested in adding a song to their scene, as our resident composer, Jessica Rayner, is also back! Our team is so excited to be able to try something so new and out-of-the-box, and we hope you are too!
