Inspire. Create. Motivate!

Our Core Values

All our teaching is based on the following core values;

- Everyone is an artist.*
- Mistakes are just happy accidents*
- It's not about the final product, but about the PROCESS.*
- If you're not having fun making art, you're not doing it right!*

Our Mission

To create a safe, inclusive and welcoming space that enriches and empowers our community through both private and public engagement in the arts, and provides genuine encouragement of all people's artistic journeys, allowing them the freedom to imagine and sparking in them the inspiration to create.

We understand that low budgets and curriculum changes can be a hindrance to students art education and we WANT TO HELP!

AWH Instructing Artists

Nikki Campbell-Schram Theatre/Visual

Nikki is a playwright/director who has produced 12 original children's plays here in Norfolk County with our Drama Kidz program. She also has extensive experience working in professional and community theatres across Norfolk County and beyond, working in stage management, set design, acting, and more. She is incredibly passionate about introducing young people to the big, bright and beautiful world of THEATRE!

Leanne Zyba Visual

With many years of visual arts mentorship under her belt and a boatload of creativity and enthusiasm, Leanne specializes in bringing out everyone's inner artist. Her favourite projects are the messy ones! Her number one rule for her students at Art with Heart Studio? "If you're not having fun, you're not doing it right!"

Jessica Rayner Musical

Jessica is local musician who aims to spread the joy of making music throughout the community. She has been an active performer on the Norfolk County music scene since her teens and eventually branched out to obtain a B.F.A in Music at York University. There she participated in the York University Wind Symphony, the Celtic Canadian Folk Ensemble and studied classical piano, composition, music education, and much more!

Laura Campbell Dance/Movement

Laura has been dancing her way through life and teaching/choreographing with the youth in her community for many years! Laura started dancing at a very young age and was self taught, she spent two years as a dancer in a musical theatre specialist art major in high school and then went on to get a scholarship in a competitive dance company! Laura has always wanted to share her love of dance with everyone and with her upbeat spirit and passion she believes anyone can dance and has yet to meet someone who cannot

AWH

Activities

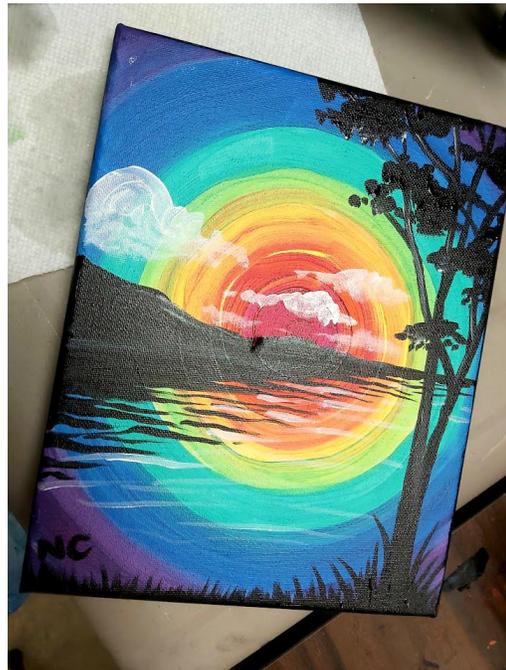

AWH
Activity

1

Colour mixing rainbow paintings

Project Length: 1.5 hrs Supply Cost: \$2.50/student

Students learn all about colours and colour mixing, then are invited to apply their skills by painting a rainbow background. Then, our second step is to turn those rainbow backgrounds into a beautiful landscape piece.

Activities

**AWH
Activity**

4 Recycled Art Collages

Project Length: Approx 2-3 hrs Supply Cost: \$1/student

This art project ties in really nicely with class discussions on reducing waste and recycling! We will send you a list of fantastic items that can be saved from the trash or recycling, and your class can work hard to collect these items before our workshop, either individually or as a collective! These projects can also be done individually, in pairs or small groups, or as a collective. The options are limitless and in the end, your class will have made something beautiful out of “garbage!”

**AWH
Activity**

5 Frida Kahlo -Inspired Self Portraits

Project Length: 3 hrs Supply Cost: \$4/student

Students have the opportunity to really delve into portrait painting, while focusing on their favourite subject - themselves! From learning to draw appropriate facial proportions to mixing the appropriate colours for skin and learning to paint fine details, there are plenty of skills to be learned with this project. Then, using hot glue and flowers, students have the opportunity to add the “Frida” touch with a flowery head dress as shown below.

Activities

**AWH
Activity**

6

Winter themed mixed media Art

Project Length: Approx 1.5-2 hrs Supply Cost: \$3/student

Students create their own winter scenes using Watercolour Tissue Paper and a wide variety of fun materials like cotton balls, glitter paper, sequins, washi tape and gems.

This activity can easily be translated into a Spring-themed Mixed media piece, with kites or flowers!

**AWH
Activity**

7

Boomwhacker Band

Project Length: 1.5-2 hrs

Boomwhackers are brightly coloured, pitched percussion instruments, making them one of the most effective (and fun!) ways for kids to experiment with rhythm and sound, while establishing basic musicianship. In this workshop students will learn to play a couple of songs as an ensemble, learn how to accompany their singing with Boomwhackers, as well as partake in many other short Boomwhacker games and activities to encourage creativity and musical growth!

AWH Activity 8

Art with Heart FOR THE DAY!

including 3-4 Instructors
\$650/day + Supplies

Supplies can be anywhere from \$1 - \$4 per student, depending on the project chosen. Programming can be modified to suit any grade from Kindergarten to Grade 8

Participating classes rotate between four art stations throughout the day. Art, Drama, Dance, Music.

Look at all the fun we've had!

A collaborative piece of art made by the grade one classes of Lakewood Elementary, these students enjoyed the art of PAINT SPLATTER and used many different tools to do so, such as water guns, sponges and spray bottles. After they finished, Nikki and Leanne added the quote chosen by the teachers, and kids signed their initials on the sides of the canvas. It now hangs in the primary hallway, admired every day by students and teachers alike!

We had a BLAST with the Port Rowan Public School Kinders at their end of the year trip helping them create a beautiful collaborative piece using watercolour paper and crayons! We explained the concept of the piece to the students before we began; the idea that every single young soul in their classes is a unique individual person and that it would be a very boring world if everyone was the same! This piece celebrated everyone's individuality - each student received a puzzle piece to create however they wished with the materials given. The puzzle pieces did not fit together in the end, but were scattered artfully, demonstrating the beauty of our differences. "Why fit in when you were born to stand out?"

Family Paint Night PRO Grant - Picasso Partners!

Our family paint night has been done at Lakewood Elementary, Walsh Public School, Jarvis Public School and St. Frances Cabrini. For this workshop, parents sign up with the school in advance and come for a family oriented painting experience where they paint each other - Picasso style! For more information, please request our Family Painting Experience PDF.

Still Life Painting at Cobblestone Elementary

The grades one and two classes were treated to 2 hours long painting workshops, focusing on still life painting at Cobblestone Elementary - they had a blast!

3 mediums, 3 pieces

Brant Enrichment Centre

Art Soup!

Grand Erie District School Board

Create with us!

We are always open to ideas and working with educators to create new projects that go along with their curriculum.

As your students teacher, you see them almost every day. YOU know what they like, what they need and how to help them grow. We want to engage your students when we come to your classroom and make sure that this experience is beneficial for both teachers and students alike! So let us know how we can adjust an activity to fit in with your curriculum, if there is a specific theme your class would get excited for, or even if you saw something on Pinterest that you love but aren't sure how to make it work. We are here to help and support your students, and YOU!

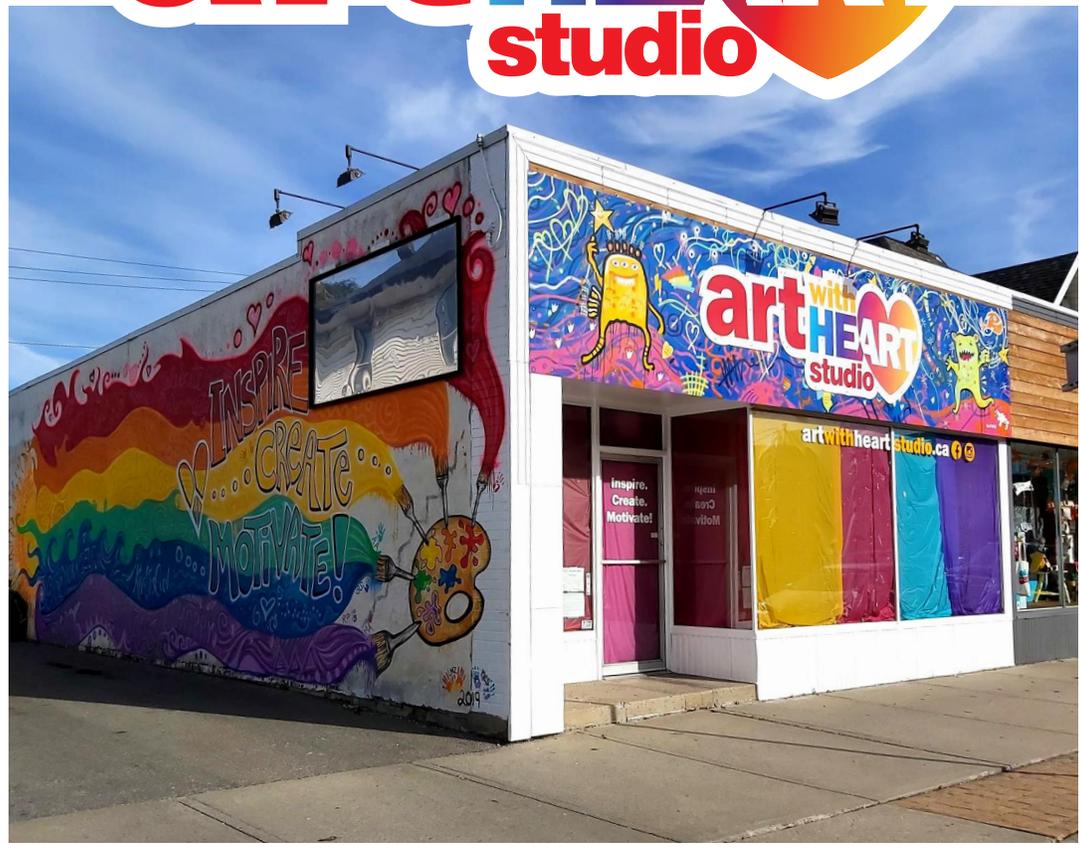

ONE Instructor
\$50/hr + Supplies & Prep

TWO Instructors
\$75/hr + Supplies & Prep

Pricing for supplies may vary with project. Travel fee may be applicable.

Inspire. Create. Motivate!

art with HEART studio

33 Norfolk Street North, Simcoe, ON
226-567-5500
info@artwithheartstudio.ca

Sometimes arts programming can be cost prohibitive with everything else you may need in the classroom - we can help! We have been witness to successful partnerships with sponsors, parent councils, grants and more. Dont hesitate to reach out, let's make it happen together!

Community partners include:

Norfolk
Arts
Centre

Maureen Dodd
Arts Foundation

Planning a field trip to our studio?
Why not make it a full day with visits to some
of our creative neighbours? We can plan out
a full day of artsy learning and community
discovery!

They LOVE us.

They really, really LOVE us!

Teacher Testimonials from AWH Day at Houghton Public

I loved the level of engagement that the students had during the activities. It was nice for students to learn from other leaders from outside of the school and shared their experiences of art outside of school

Student engagement was high and there was a lot of energy.

I liked how the drama program engaged the students and seemed flexible to adjust to their needs.

I really enjoyed how all the students were so involved in each form of art presented. They had a great hands on experience!!

I had my class choose one activity that they enjoyed the most. About 1/3 of the students couldn't choose one and said it was all fun! They continue to talk about it.

They LOVED it!!!! They had a wonderful time in all workshops! Each workshop brought out so much in all the students!! GREAT WORK LADIES!!

Parent Review

"I highly recommend Art With Heart Studio! They offer a variety of creative programs and experiences in their beautiful studio space. My daughter loves being a part of the Art With Heart community and attending their many programs offered. This special place in Norfolk County is close to our hearts and I cannot speak highly enough about them and all that they do to support a love for the arts. Thankyou!"
